PROJECTS

Curatorfinder

curatorfinder.com

- Lead generation platform for music artists to quickly generate thousands of playlist curator emails from Spotify.
- The lead generation process is powered by a customised requests based script using proxies and multiprocessing techniques for robust results.
- Developed the entire application while paying attention to security aspects, code quality, documentation and version control.

Django

Django Rest Framework

Websockets

Selenium

Requests

ReactJS

ChakraUI

ChakraUI

Jenkins CI/CD

Github

Nginx

Docker

Linux

PostgreSQL

Stock Data Processor

- Developed a solution to process live stock options and futures data from a web dashboard and run custom algorithms for visually representing data in Excel to make decisions.

Python

Selenium

Multiprocessing

Pandas

Microsoft Excel

Bash Scripting

Team Of Genius

team-of-genius.vercel.app

- Highly responsive landing page development for a complex design with animations and.

TailwindCSS

GSAP

Github

Github

Vercel

Podoma

podoma.mk

- Laravel-based product catalogue website for an international brand.
- Developed Custom CMS to manage content and blog in Laravel.

Laravel

PHP

CPanel

Bootstrap 5

HTML

MySQL

WORK EXPERIENCE

Freelancer

[UpWork](https://www.upwork.com)

[Truelancer](https://www.truelancer.com)

- As a self-starter, I successfully communicated with clients and landed several projects in development and design domains over the past year.
- Worked across Python and PHP stacks on debugging and feature development tasks while with a focus on code performance and quality.
- Developed several end-to-end solutions

EDUCATION

University of Delhi

B.Sc (Hons) in Computer Science 2021-24

Army Public School, Lucknow

Senior Secondary (Science + CS) 2021

Co-curricular Activities

BLITZ, Computer Science Society

Treasurer

2023-24

- Organized multiple successful events such as coding competitions, seminars and hackathons with participants from all over Delhi.

Technical Skills

Software Planning

Code Documentation

Version Control
